Thanks Heather, and my apologies for not following up with you and Phil on this when you originally sent it...

I plan to sit down with the team in the next few days to discuss the comment reports NAFR and USFWS commissioned and how best to proceed.

Thanks!

Jamie, given the recent collapse of Stratus, I can no longer submit the attached report as had been planned. I forward it to you in the event EPA wants to review these comments to Pac Rim's Water Management Plan. Best, Heather
